# What if you called 911 and no one came?

Many people are unaware that Delaware's fire protection is almost solely provided by volunteer's. Year after year men and women like you provide a valuable service to their family and friends when they need it most.

If it were not for the sacrifices of these fine individuals many calls for help would go unanswered and many lives would be lost. Not to mention the financial burden that would be placed upon Delaware's taxpayers if the state had to attempt to provide a fully paid fire service.

For over 83 years Houston VFC has strived to provide a professional Fire & Ems service to our community. Come join us now and help carry on the tradition of neighbor helping neighbor.

## What is expected of you....?

As a new member of the HVFC you would be asked to complete the minimum mandatory training required by the State of Delaware with in two years of acceptance.

To attend 50% of monthly meetings held the first Monday of each month.

Respond to 33% of emergency incidents dispatched.

## What you get in return....?

Free Training

Access to all Facilities

Free Hall use once a year

Delaware Firefighter \$400 tax deduction.

Firefighter Pension

Free Physical

Respect and Appreciation!!

## Junior Members Needed

In addition to needing regular members the Houston VFC accepts Junior members at the age of fifteen. If you know a child who would like to participate in a fun, rewarding program please encourage them to apply now.

Many Junior members go on to pursue rewarding full time careers with the training they receive as a member of a volunteer fire company.

Thank you for taking the time to read this brochure and we look forward to hearing from you.
